Shuttleworth Collection Scale Model Exhibition Sunday 18th February 2018

You are cordially invited to attend the ninth annual Shuttleworth Collection scale model exhibition to be held at Old Warden Aerodrome on Sunday 18th February 2018.

The event will follow a similar format to the previous years. The exhibitors and traders will be located in the engineering hangar, which features heating! The Collection will be open on the day and reduced admission prices will allow visitors to view the Collection and the model event. There will be a modelling competition, trade stands and refreshments available on the day, within our excellent restaurant.

If you wish your club/society to attend, please complete the enclosed booking form and send it to the Collection at the address above. Space is limited and will be allocated on a first come, first served basis, so please return your booking form ASAP and no later than 28th January 2018. We regret we can only allow two free entry passes per club, however additional tickets can be purchased in advance of the event by calling 01767 627924.

We will also have our regular competitions which this year will feature 5 categories, Best 1/72nd and smaller, Best 1/48th and smaller, Best over 1/48th, a special category for Best Model made by a person aged under 16 and finally the John Morris Memorial Trophy awarded to the best model in the show as decided by the organising committee. The final award is presented in memory of John Morris a founding member of the organising committee who sadly died in 2013.

We hope that you will be able to support this show and help us to spread the word about the event to encourage as many people as possible to attend. To assist with this we have enclosed a flyer for the event which we would be grateful if you would display.

Yours faithfully

Kevin Panter
